“ For a long time we were separated by life, distance, and doing our own thing, but our love for one another as a family unit never did change...instead, our love for one another only grew stronger in these past two months, thanks to God and His Angels, (my Grandma being one of them.) God brought us all (Momma her siblings, your siblings, our family and me... your Granddaughter) back together again, some of us after 10yrs or longer of being apart, which then in turn brought together the rest of our family who hasn't seen each other for 2 and 3 decades. To me that is a couple of miracles all in one. GOD helped each of us forgive one another and helped each of us to reconcile our differences, and we grew stronger in our relationship with you (my Grandpa) and our love for one another became stronger, GOD even blessed us with more time with you before he set you free from your suffering and misery and took you back home to be with Him in Heaven. It hurts that you're no longer with us the way you once was, but I know that you will always be with us in Spirit. Mother, her siblings, your siblings, and our family, and myself...your granddaughter, will never forget these past two months spent together with you as you went through all you did before it was time for you to go Home to be with the Lord. You will forever be loved and missed. Thank you for sharing some of your life with us. Fly High Grandpa. We will All see you again one of these days. (((HUGS)))
