“ *These past few days have been very hard for me to come to terms that you are really gone. There's so many good things to say about des. she has the biggest heart. Her smile would light up any room she would walk in. des was definitely one of a kind and I'm very glad that we got to be a part of each other's lives no matter if we talked every day or didn't we both knew we always had each other our laughs and memories. our faceTimes and talks will be with me forever. I know you were battling demons, and I wish I could've done more to help. You have always been such a strong person and have always put everyone before you and I could go on and on but I'm not going to just know everyone misses you down here des you were taken from us way too soon I love you forever and always*

“ *Des, where do I begin? You were like a little sister, my little friend. You would sit at my apartment for hours sometimes and just talk with me. My boys absolutely loved you so much. I just talked with you a couple days before this, and girl I never expected something like this to happen. I'm so sorry for the family, they lost such a beautiful soul way too soon. But God has his big mighty hands on you now and you dont have to have any pain of any sort ever again. And as beautiful as it sounds, it still doesn't change the hurt I'm feeling from losing my friend, a young woman who had so much potential and so much to live for!!! Me and the boys will always love you Des and we will never forget you!*
