“ I just found out this morning about this. We had went our separate ways in recent yrs but he was my best friend for a long time. Idk what to say other than I sure wish I had been there for him much better than I was after he lost Melissa. Ride on brother, ride on.

“ Dear Dad, you and I didn't always see eye to eye in this lifetime. Yet there was never a dull moment, you and I had many great adventures and we made tremendous memories. Through thick and thin I remained at your side, you were always my rock and comforter when I was down and whom I turned to whenever I needed help cheering up. I feel I lost you entirely too young and that there was still so much I could have learned for you. You were gifted in so many ways and you were a light on the world whether others chose to see it or not. At the time of your passing, I prayed for God's guidance and he untroubled my burdened heart and granted peace and acceptance into my soul. I'm well awre now that the kingdom of Heaven is now your new place of residence and that now you are free of all troubles, pain, suffering, and sickness and that it was God removing the world from your shoulders and now you share with him your freedom in eternity forever unbound by the negativities that surrounded in life. I am so grateful to have been born into this Earth as your son, you've done an amazing job in this life whether anyone recognizes that or not! You'll always have a place in my soul, mind, and heart forever and ever! Much love, your son. -Johnathon.
