“ *I've known Terry since we were 6 and sat next to each other in 1st grade at Miller School. We went all through Miller together then I moved away. In 1978 we ran into each other in Huntington and became good friends. He was exceptionally nice and I'm so*

“ *To Bill, John, and grandchildren,
I only recently met Terry after the passing away of Mildred, initially at her funeral. However, I found him always to be welcoming to me. I am sorry that I am only learning of his passing tonight.
My prayers are with t*

“ To the family of Terry, I am sorry for your loss. I worked with him at NCI back in the 80s. Back then I had just bought a car and not sure about shifting the gears. I remember him sitting over at his desk and explaining to me the importance of 'not riding

“ Bill, I will direct this to you as I am sorry I just don't know anyone else in your family. It's been so many years since I've seen you and I'm guessing about 25 since I last saw Terry. But know you and your family have my deepest sympathy for your loss.
