“ *The memories of him and his laughter will last forever! Never forget seeing him almost every day growing up! All the pats on the back and funny stories. You and daddy take care of each other up there. Save us a seat!*

“ *I didn't get to see Uncle Thurman very much, but the memories I have of him are of a man with smile on his face and a love for his brothers and sisters and nieces and nephews. God Bless you and rest easy Uncle Thurman.*

“ I’ve been picking up golf balls when I walk my dog around my apartment. I only do it in remembrance of my uncle Thurman who loved to collect them. I can’t walk by a golf ball without thinking of him. He made everyone smile with his carefree attitude and loving kindness. He could name all 11 of his brothers and sisters from oldest to youngest without skipping a beat. You will truly be missed uncle
